EDUCATION

Bachelor of Technology in Artificial Intelligence and Machine Learning   **Bhopal, India**
Technocrats Institute of Technology; CGPA: 7.33   **Sep 2021 - Present**

Higher Secondary Education   **Indore, India**
Gyan Sagar Public H.S. School; Percentage: 87.6%   **May 2020 - May 2021**

Secondary Education   **Bhopal, India**
V.S. Public H.S. School; Percentage: 88.2%   **May 2018 - May 2019**

WORK EXPERIENCE

Prompt Designing Intern, Sugarcane AI   **Jan 2024 - Mar 2024**
- Trained AI models through data preprocessing, experimentation, and parameter fine-tuning for performance optimization.
- Assisted in troubleshooting technical issues and documented processes to facilitate knowledge sharing within the team.

SKILLS

Language : Python | JavaScript | TypeScript | C++ | SQL
Development : React | Next.js | Tailwind CSS | HTML | Numpy | Pandas | Tensorflow | Matplotlib | Keras
Tools & Software : VS Code | Github | MongoDB | MySQL | Firebase | Vercel
Core Subjects : Data Structure & Algorithms | Database Management System | Object Oriented Principles

PROJECTS

Phishing Detection System | Link
- Built and evaluated an Artificial Neural Network (ANN) model for phishing email classification using Python libraries like pandas, scikit-learn, and Keras.
- Achieved 94% performance in identifying phishing data, demonstrating the model's effectiveness in real-world applications.
- **Technology Used** : Python, Tensorflow, Numpy, Pandas, Matplotlib etc.

Devnode - A Blogging Platform | Link | Deployment
- Implemented functionalities like user authentication and real-time data management with Firebase authentication and Firestore Database.
- It is featured with rich text editing for user-friendly content creation, image uploads for visual engagement, and a commenting system to foster community interaction.
- **Technology Used** : HTML5, Tailwind CSS, JavaScript, React JS, Next JS, Firebase etc.

ACHIEVEMENTS

- Contributor in GSSOC'24 GirlScript Summer of Code.
- Participated in 5 Hackathons and finalist in 1 Hackathon worked on Real-world projects with the team.
- Around 100+ Questions solved on various coding platform like codechef, leetcode etc.
- Volunteered & Coordinated in 4+ Local and International Events like India Blockchain Week , Web3 Carnival etc.

POSITION OF RESPONSIBILITY

- **Developer Advocate - Oraichain** : I drive developer projects, empower evangelists & represent the community.
- **Organiser - Buidl-a-thon** : Core team member of an online hackathon Buidl-a-thon organized by Central DAO.
- **Regional Lead - Outdefine** : Outdefine's regional leader, bridging tech talent & students, growing our network.

CERTIFICATE

- **IBM**   Introduction to Data Science | Cloud Computing Fundamentals
- **Google**   Introduction to Generative AI | Introduction to Large Language Models | Google Cloud Computing Fundamentals
