PROFILE

Motivated and results-oriented Front-End Web Developer with proficiency in React JS and strong Python skills encompassing web scraping and diverse Machine Learning frameworks. Proven ability to craft seamless user experiences and build data-driven applications. Eager to collaborate with dynamic teams and contribute expertise to innovative projects across both front-end development and Python programming domains.

EDUCATION

Bachelor of Technology in Artificial Intelligence and Machine Learning 2021 – present
Technocrats Institute of Technology 🔗 CGPA, 7.1

Higher Secondary Examination 2020 – 2021
Gyan Sagar Public School Percentage, 87.6%

Secondary School Examination 2018 – 2019
V.S. Public School Percentage, 88.2%

PROFESSIONAL EXPERIENCE

Prompt Designer Dec 2023 – Mar 2024
Sugarcane AI Remote
As a Prompt Designing Intern at SugarCane AI, I focused on training their AI model. Responsibilities included data preprocessing, experimentation, and fine-tuning parameters for improved performance. Assisted in troubleshooting technical issues and documented processes for knowledge sharing.

SKILLS

| Python | JavaScript | ReactJS | Git, Github | MySQL | Pandas | Matplotlib | Numpy |

| Data Structure and Algorithms | Object Oriented Programming Principles | HTML5 | CSS | Tailwind CSS |

| Scrolltrigger | Bootstrap | Machine Learning Concepts |

PROJECTS

Phishing Detection System 🔗
An advanced phishing detection system utilizing machine learning algorithms for accurate threat identification.
Technology Used : Python, Tenserflow, Numpy, Pandas, Matplotlib etc

Shop App 🔗
Created a Shopping App that can add and delete items in Cart using React JS and Redux.
Technology Used : HTML, CSS, JavaScript and React JS.

ACHIEVEMENTS

- Achieved finalist position in 2+ Hackathons worked on Real-world projects with the team.
- Around 100+ Questions solved on Codechef platform.
- Coordinated in 3+ National and International Events like India Blockchain Week , Web3 Carnival etc

POSITION OF RESPONSBILITY

Developer Advocate - Oraichain
As a Developer Advocate we are responsible for progress to building projects, onboarding evangelists, and representing the community in events and workshops.

Organiser - Buidl-a-thon
Key member of Buidl-a-thon, an online Hackathon by Central DAO.

Regional Lead - Outdefine
Outdefine's regional lead, connecting tech talent and students. and expanding our reach

CERTIFICATES

IBM (Cloud Computing Fundamental, Introduction to Data Science) ● **Google** (Google Cloud Skill Boost badges)
